Stop bending and lifting - protect against injury and eliminate the search for that lost tire. Let the machine do the work!

Tire Vertical Carousel

is ergonomically designed to visually rotate tires to a load / unload area.

Stop lifting heavy objects!

Bring the tires directly to you!

The Tire VC is available in three standard widths: 8 feet, 14 feet and 17 1/2 feet. Heights range from 10 feet to 25 feet. Accomodates tire diameters up to 33" with a standard Tire VC. Custom sizes are also available.
