STOP WASTING SPACE!

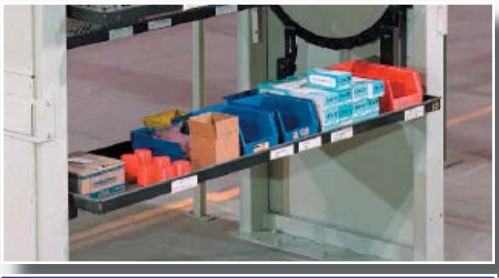
GO VERTICAL!

RECOVER **OVER 70%** OF YOUR EXISTING SHOP SPACE!

Spool VC

J & D Associates Motorized Vertical Carousels (VC) can handle everything from totes to tires, and industrial rolled goods to spools - *and almost anything in between.* Systems can be built in **various heights and widths** to accommodate hard-to-handle materials. Vertical carousels can save up to ***70%*** of valuable floor space, **minimize dependence** on fork lifts and ladders, and provide an **ergonomic workplace.**

- Up to 12,000 lbs. gross weight capacity
- Up to 1,200 lbs. per position gross capacity
- Heights from 8'7" to 24'
- Widths between 4' and 20'



Tray VC

Whether you need to organize, secure, pull-off, rotate, measure, cut or maximize your floor space, **we have a system to meet your needs!**
